About The Hackathon

A 24-Hour Collision Of AI And Creativity

AI HACK x MRDU is designed to challenge limits. The event pulls together developers, designers, and innovators under one high-octane pressure system. The task: leverage state-of-the-art AI tooling to create scalable products from scratch in just 24 hours.

Organized by the Department of CSE-AIML at Malla Reddy Deemed to be University, this event represents a fusion of academic rigor and industry execution.

Why Commit To The Hack?

Unlock key components for your professional and technical arsenal.

High Innovation

Experiment with LLM pipelines, prompt engineering, and autonomous workflows.

Elite Networking

Meet top-tier mentors from leading AI companies, VC firms, and tech leaders.

Accelerated Mentorship

Get real feedback from domain specialists monitoring your progress live.

Fast-Track Career

Corporate sponsors run active placement loops tracking high performers.

Grand Rewards

Claim your share of a ₹2,00,000+ grand pool and sector-specific prizes.

Pure Crucible

The ultimate 24-hour test of grit, capability, and design endurance.

TIMELINE

The Protocol Layout

What happens during your 24 hours in the Malla Reddy arena.

System Boot (Launch & Networking)

Check in at the Malla Reddy campus, receive your credential packet, and finalize your developer teams of 2 to 5 members.

02 Hacking Commencement

The countdown starts. Access sandbox APIs and specialized model endpoints provided by Grid AI Labs.

03 Status Checkpoint Updates

Present your initial architecture and pipeline logs to the audit panel for progress verification.

04 Deploy & Defend

Submit your code repository and pitch your working system directly to the elite judging panel.

ORGANIZERS

About the University

Malla Reddy (MR) Deemed-to-be University, established in 2002 and formerly known as Malla Reddy Engineering College (Autonomous), is one of the premier institutions under the Malla Reddy Group of Institutions in Hyderabad, Telangana, India. The university has consistently demonstrated a strong commitment to academic excellence, research innovation, and holistic student development. Accredited by NBA and NAAC with an A++ Grade, approved by AICTE, and formerly affiliated with JNTU Hyderabad, the institution was recognized as a Deemed-to-be University in 2025 under Section 3 of The UGC Act, 1956. MRDU offers a comprehensive range of Undergraduate, Postgraduate, and Doctoral (Ph.D.) programs across its Schools of Computer Sciences & Technology, Electronics Sciences & Technology, Civil & Mechanical Sciences & Technology, and Management Sciences & Technology. With a strong focus on Artificial Intelligence, Smart Computing, and Digital Transformation, MRDU aligns perfectly with the vision and objectives of IC2AI 2027, reinforcing its role as a leading hub for innovation, research, and knowledge creation.

 Malla Reddy Deemed to be University campus

Department of CSE-AIML

About the Department The Department of Artificial Intelligence and Machine Learning (AI & ML) was established in 2020-21 with an intake of 60 students and has grown to 720 students today. The department offers a future-focused learning environment with advanced laboratories, Centres of Excellence, innovation and incubation facilities, and research infrastructure. Through hands-on projects, hackathons, coding competitions, internships, workshops, industry interactions, and research activities, students gain practical skills and industry exposure. Our mission is to nurture innovative, skilled, and industry-ready AI & ML professionals prepared to address real-world challenges.
